FRAMEWORK

The uniqueness to every business requires a tailored approach of support. High impact team development through to individual coaching and personal advice. An Executive Compass system captures your desires and works through a framework to provide results step by step.

1. Determine NEEDS

- Client's internal evaluation and desires for their business
- Executive Compass provide "Operational Health Check", where we believe superior insight will deliver additional informed evaluation

2. Identify GOALS

- In line with Client's expectations, brand integrity, financial returns
- In line with industry norms to bridge gaps and create competitive advantage through sustainable solutions

3. Define clear METRICS

- To measure achievements
- To measure timeline/ budgets/ accountability

4. Create agreed STRATEGY

- Ensuring clear navigation pathways to the goals
- Clarifying priorities/ timelines/ responsibility

5. IMPLEMENT Improvements

6. MEASURE Results

THE SUBJECT MATTER EXPERTS...

- are led by company director Mark Adams, with a career spanning nearly three decades focused throughout the Hospitality, Tourism, Sporting & Leisure industries around some of Australia's most recognized destinations.
- are a senior team involved from initial meetings through to delivery & follow up.
- consist of selected high level professionals in parallel support roles as executive partners
- inclusive of all partners, we travel the full journey when required with independent advice & perspective.
- all have a long term investment to every project. Our interest continues after the final outcome.
